[1] Pursuant to Rule 69c, the Committee may decide, by a majority of its members, to enter into negotiations on the basis of a legislative report that it has adopted. Under Rule 69f, the negotiating team is led by the rapporteur and presided over by the Chair and comprises at least the shadow rapporteurs from each political group that wishes to participate.

Note: Each CA covers its subject matter and replaces all relevant AMs. The adopted text may be subject to technical adaptation after the vote for coherence and consistency.
